THIRD SUPPLEMENTAL INFORMATION DISCLOSURE STATEMENT

Sir:

Further to the Information Disclosure Statements filed April 30, 2002, March 1, 2004, and May 13, 2004, in compliance with the duty of disclosure under 37 C.F.R. § 1.56 and in accordance with the practice under 37 C.F.R. §§ 1.97 and 1.98, the Examiner's attention is directed to the documents listed on the enclosed PTO-1449 form. Copies of the listed documents are also enclosed.

The information enclosed with this information disclosure statement was first cited in a communication from a foreign patent office in a counterpart foreign application not more than three months prior to the filing date of this Statement. Specifically, the attached Chinese Office Action dated April 2, 2004, was cited in a counterpart Chinese patent application. A translation of this Office Action is also enclosed.

Japanese patent document number 4-179115 discloses a structure which includes a mirror having an XY-plane disposed on a stage. Applicants believe, however, that this document does not disclose a structure for measuring a Z direction position to a lens barrel.

Applicants request that the above information be considered by the Examiner and that a copy of the enclosed PTO-1449 form be initialed and returned indicating that such information has been considered.

No fee is believed to be due with the filing of this paper. Nevertheless, the Commissioner is authorized to charge Deposit Account No. 06-1205 should any fee be deemed necessary for filing this paper.

Applicants' undersigned attorney may be reached in our Washington D.C. office by telephone at (202) 530-1010. All correspondence should continue to be directed to our address given below.

Respectfully submitted,
